**AARP Driver
Safety Class**

As time goes by, you may
undergo subtle physical
changes that center
around your vision, hearing,
and general stamina.
Impaired hearing and
vision, in particular, are two of life's sure things. They constitute a clear and present danger to drivers of all ages, and can quickly combine with diminished concentration and lengthened reaction times to put you in harm's way.
You are in your vehicle to do one thing: drive. You are not there to eat, drink, do the morning crossword puzzle, make eye contact with passengers in the rear seat or to talk on a cell phone. Attending this Driver Safety course can help to alleviate or minimize these physical and preventable risks.

The next AARP Driver Safety Class will be held on August 17th & 18th at the Lodge. Class begins at 11:30 am both days.

The cost of the class is \$12.00 for AARP members and \$14.00 for non-members.
For more information contact
Glen Adrig 360-377-2448
